Licence for Inferior Quality Detergent

2001. SHRI SHANKER SINH VAGHELA: Will the Minister of INDUSTRY be pleased to state:

(a) whether it is a fact that the Wheel detergent powder contains 21 per cent insolubles as against 2 percent recommended for ISI Grade-IV detergent; and

(b) if so, what are the reasons for issuing new licences for manufacturing detergents inferior to ISI grade and what steps are proposed to be taken by Government to prevent the company from manufacturing inferior quality detergent?

THE MINISTER OF STATE IN THE DEPARTMENT OF INDUSTRIAL DEVELOPMENT IN THE MINISTRY OF INDUSTRY (SHRI M. ARUNACHALAM): (a) and (b) 'Wheel' detergent is not covered by the Bureau of Indian Standards (BIS) Certification Mark Scheme. BIS scheme of certification for detergent powder is also not mandatory. According to BIS Standards, however, the limit for matter insoluble in water for Gr. IV detergent is 2.0% maximum.
